Tournament Director Checklist

You are representing District 32 and are expected to conduct yourself in a highly professional manner.

Arrive at the field at least one hour prior to game time regardless of weather conditions. Only the District Administrator or the umpire-in-chief of the game can cancel the contest. The DA can do it in advance via phone to each team's manager or coach or the umpire-in-chief at the field.

Conduct a coin toss at least 45 minutes prior to game time. Home team must occupy the first base dugout. Home team goes first and each team is permitted a 15 minute warm up. No batting practice permitted.

Each manager is to supply the director with official Affidavit documents and player signature sheet. All pitching entries on the affidavit are to be recorded by the director – avoid pitching entry errors. Be sure all pitchers are in compliance with the rules – avoid protests and forfeits.

Each manager must supply two game balls with additional ball made available if needed.

All fields must be lined and have stationary bases.

All disputes or protests must be resolved prior to game continuance. The tournament director will rule and resolve any protests. If he/she needs assistance – they must call the district administrator (516/313-7853) or his delegate. Only the district administrator or the Game Tournament Director can call Eastern Region Headquarters if necessary.

Game Scores are to be reported by the winning manager via e-mail as quickly after the completion of each game as possible. The Game Date, Division, Teams and Score is required and is to be reported to the Tournament Committee at the following e-mail address: scores@district32.net

Best of luck!!!!
